

REMARKS

Reconsideration and further examination of the application, as amended, are respectfully requested.

In the Notice of Allowance mailed August 5, 2004, claims 1-10 were found to be allowable.

Applicant hereby amends the Specification in several places to conform the description of the Drawings to the actual formal drawings that have been prepared and filed with the Patent and Trademark Office. In particular, several 1-sheet figures from the informal set of drawings that were submitted with the original application, have now ended up becoming 2-sheet figures in the formal set. Accordingly, Applicants have amended the Specification to reflect that some of the figures are now on multiple sheets. No new matter is being introduced, and no amendments are being made to the claims.

The undersigned attorney understands that this amendment is being filed either before or at the same time as the payment of the Issue Fee. Accordingly, Applicant respectfully requests that it be entered.
